## Stacklights

- Fast mounting of signal elements using bayonet fixing
- Easy changing of bulbs for each module without tools
- Up to 10 light elements possible with 2-sided mounting bracket
- Flexibility of signal element combination
- Flashing light elements can be mounted in each module
- Up to 5 flashing light elements possible
- High protection rating optical and audible signal elements with IP 54, UL Type 2, 5
- LED elements for long life

## Signal beacons

- Rugged construction
- High protection rating IP 65, UL Type 2, 5, NEMA 4X
- Cap consists of high impact polycarbonate (up to 15 sq. ft.).
- Bulb change via inside of control box
- Available with LED bulbs.

## Simple mounting with quick fix system

Each module is equipped with bayonet mounting with an integral contact system. The modules are fastened together by aligning the corresponding white marks; with a gentle twist, they are locked into place.
