

- Pluggable SPDT relay with DIN rail mount screw clamp terminal block base
- Space saving 6mm wide terminal block base
- Pluggable relay for easy replacement
- Plug-in Jumpers to easily connect common inputs and outputs
- Inductive kickback protection
- Circuit diagram on housing
- LED status display and protection diodes

| Ordering Information |                       | Input Technical Data - Coil |                       |
|----------------------|-----------------------|-----------------------------|-----------------------|
| Order Number         | Type                  | Nominal Coil Voltage        | Nominal Input Current |
| ASI328001            | ASI-UDK-PLC-RI12VDC   | 12Vdc±10%                   | 14mA                  |
| ASI328002            | ASI-UDK-PLC-RI24VDC   | 24Vdc±10%                   | 8mA                   |
| ASI328003            | ASI-UDK-PLC-RI24VACDC | 24Vac/dc±10%                | 8mA                   |
| ASI328004            | ASI-UDK-PLC-RI48VDC   | 48Vdc±10%                   | 5mA                   |

| Input Technical Data - Coil        |                     |
|------------------------------------|---------------------|
| Operate Time (at Nominal Volt)     | 8ms                 |
| Release Time (at Nominal Volt)     | 4ms                 |
| Output Technical Data -Contact     |                     |
| Type and Material                  | AgSnO               |
| Rating Current (Resistive Load)    | 6A/250Vac, 6A/30Vdc |
| General Technical Data             |                     |
| Operating Temperature              | "-40°...+70°C"      |
| Coil/Contact Isolation             | 4000Vac             |
| Isolation between Output Terminals | 1000Vac             |
| Status Display                     | Red LED             |
| Connection Terminals               | 26-14AWG            |
| Accessories                        |                     |
| Plug-in jumper Blue, 500mm         | ASI318002           |
| Plug-in jumper Red, 500mm          | ASI318001           |
| Plug-in jumper Gray, 500mm         | ASI318003           |
| End Stop (snap-on)                 | ASIUD1B             |
| DIN Rail - 7.5 x 35mm slotted      | PR005               |
| DIN Rail - 7.5 x 35mm non-slotted  | PR003               |
