

ULTRALINE®

AMU SERIES

Ultraline® comes standard with "industry exclusive" mounting options including an out of the box mounting flange or adjustable mounting feet to cover various mounting configurations. Featuring molded latch keepers, a tongue and groove seal design, and a flange design that can be retrofit to competition, Ultraline is the ultimate in fiberglass enclosures. A clear polycarbonate cover option is also available for instrumentation applications where critical electronic equipment must be visible and protected from the elements.

AM Series Features & Benefits

- Patent pending "Industry Exclusive" multi-mounting capability
 - Out-of-the-box flange design – factory installed
 - Flange mount hole pattern match "VJ", "J", and "A" series competitive foot prints
 - Optional foot mount brackets for multi-directional mounting
 - Capable of mounting vertically or horizontally
- Mounting dimensions molded into the enclosure base
- Durable polycarbonate feet/flanges withstand cracking during wall mount assembly
- Feet and Flanges act as an enclosure pad on uneven surfaces without allowing it to be drawn down and bind, or crack
- Feet and Flange pads also allow air space between the enclosure and a warm machine or mounting wall

- Cover/Base design
 - Flush, aesthetically pleasing, modern architecture
- Clear polycarbonate instrumentation cover where critical electronic equipment must be visible and protected from the elements
- Solid/opaque covers come with a drill point pattern inside for hole modifications when required

- Tongue and groove, closed cell neoprene seal design for NEMA Type 4X rating

- Eight Sizes ranging from 6x6x4 through 20x16x10
- UL® listed and CSA certified
- Allied Moulded Ultraguard® fiberglass reinforced polyester material formulation
- Compliant with RoHS directive (Restriction of Hazardous Substances)

- Molded hinge and latch keeper designs eliminate wall penetrations
