

Basic features

| | |
|-------------------------------|---|
| Principle of operation | Clamp holder |
| Scope of delivery | Clamp holder (1x) Nut UNF 10-32 (2x) Screw UNF 10-32 (2x) |
| Use | For M18 sensors |
| Version | Mounting clamp with ball joint |

Material

| | |
|-----------------|-------|
| Material | PA GF |
|-----------------|-------|

Mechanical data

| | |
|------------------------|----------------------------------|
| Clamping system | Screw UNF 10-32 Nut UNF 10-32 |
| Dimension | 32.5 x 66 x 57.2 mm |
| Mounting part | Screws, clamps |

Remarks

Ball joint allows axial inclination $\pm 10^\circ$
