

Basic features

| | |
|--------------------------|--|
| Short description | Silicone tube |
| Use | for cable guard for weld protection |

Environmental conditions

| | |
|----------------------------|--------------|
| Ambient temperature | -60...260 °C |
|----------------------------|--------------|

Material

| | |
|-----------------|--------------------------------|
| Material | Silicone 60 white, translucent |
|-----------------|--------------------------------|

Mechanical data

| | |
|-------------------|------------------------------------|
| Diameter 2 | 13.00 mm |
| Dimension | $\varnothing 16.2 \times 15000$ mm |
