

Basic features

Short description	Silicone strip
Use	for cable guard for weld protection

Electrical data

Dielectric strength	157.48 kV/cm
----------------------------	--------------

Environmental conditions

Ambient temperature	-65...260 °C
----------------------------	--------------

Material

Hardness	50 Shore A
Material	Silicone 60 white, translucent

Mechanical data

Dimension	1.6 x 51 x 10970 mm
Size	2"
Tensile strength	4.83 N/mm ²
Wall thickness t	0.8 mm
