

Basic features

Principle of operation	Inductive sensor
Scope of delivery	Adapter
Short description	Adapter
Version	Threads M12x1 up to 3/8" NPT

Mechanical data

Diameter 2	29.97 mm
Dimension	Ø 12.78 x 19.3 mm
Mounting part	Threads
Size	3/8"

Material

Housing material	Aluminium, Anodized
Material	Aluminum
Surface protection	Anodized

Remarks

Use an L-1 ring gauge to check the 3/8"-18-NPT thread. Turn the ring gauge hand-tight on to the thread. If the ring gauge is hand-tight the surface of the ring gauge should contact the surface of the shoulders at 29.97 mm at the same time.
