

Basic features

| | |
|-------------------------------|--|
| Principle of operation | adjustment unit |
| Scope of delivery | adjustment unit |
| Use | for photoelectric sensors BOS 21M |
| | for photoelectric sensors BOS 23K |
| | for photoelectric sensors BOS Q08 |
| | for photoelectric distance sensors BOD 24K |

Version

Adjusting unit

Material

| | |
|---------------------------|---|
| Housing material | Aluminium, anodized, natural Nickel-plated brass |
| Surface protection | anodized, natural |

Mechanical data

| | |
|----------------------|--------------------|
| Dimension | 50 x 12.5 x 116 mm |
| Mounting part | Screws, clamps |
