

Corrosion-Resistant Devices

15, 20 and 30 Amp Locking Devices

- Nickel-plated copper-alloy metallic components
- Molded of impact/chemical resistant high-visibility yellow nylon
- Stainless steel screws
- Receptacles have a one-piece grounding system with built-in self-grounding strap
- Triple Gripper® cord grip on plugs and connectors which feature three captive assembly screws to automatically tighten cord grip
- Individual wire pockets with clamp-type terminals

Corrosion-Resistant Devices

Accessories - Weather Protective Boots and Adapter Sleeves

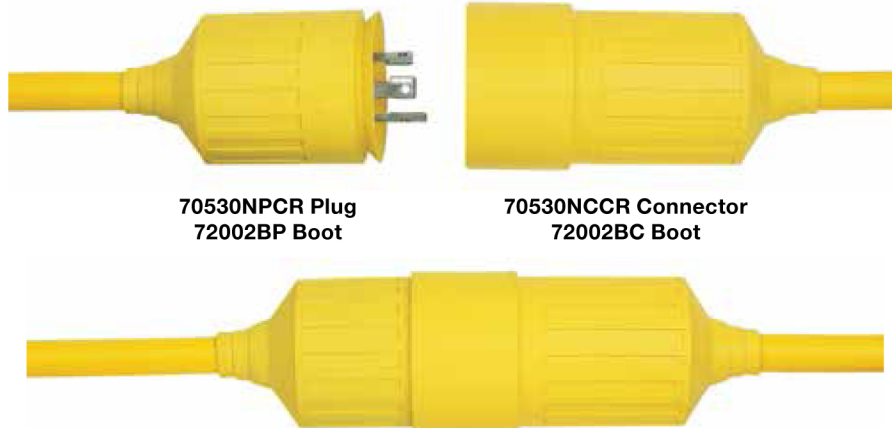

- For use with Bryant Tech-Spec® straight blade and locking plugs and connectors
- Help prevent moisture, dust and other contaminants from infiltrating plugs and connectors
- Thermoplastic elastomer construction in high-visibility yellow or standard black
- Excellent ozone and weather resistance and resistant to deterioration by oils and heat
- Connector sealing ring provides extra protection when plug and connector are not mated
