

# Locking Devices

## Product Features

**TECH·SPEC®**

### Triple Gripper® Locking Plug

- Hand grip features wide-rib, non-slip design
- Configuration-specific plug face surrounds blades to prevent infiltration of contaminants
- Captive, combination Slot/Phillips assembly screws
- Double wall construction for extra durability
- Neutral blade is nickel-plated for easy identification

### Triple Gripper® Locking Connector

- Face and body feature alignment keys for easy assembly
- Amperage, voltage and NEMA configuration imprinted on face for easy identification
- Impact/chemical resistant, toughened nylon construction

### Locking Receptacle

- Combination back and side wiring terminals accept #14 through #8 AWG solid or stranded conductors
- Heavy duty mounting straps are nickel-plated to resist corrosion, wide width design assures secure assembly
- NEMA rating and configuration are molded into face for easy identification
- One-piece, rivetless copper-alloy contact design reduces heat buildup and provides secure blade retention

#### Contact

High-performance copper-alloy contacts have excellent conductivity and spring properties to provide superior contact pressure.

#### EPDM Dust Seal

Resilient dust seal surrounds cord, helping to prevent moisture and contaminants from entering wiring chamber.

#### Triple Gripper®

Internal “self-centering” Triple Gripper® cord grip with “radius teeth” design provides secure cord retention.

#### Terminal Cover

Transparent terminal cover, extended “teardrop” wiring pockets and backed out “captive” terminal screws simplify wiring.

#### Angle Adapter

Nylon angle adapter (70204ANA) converts 20A and 30A nylon locking plugs and connectors into space-saving angle devices.
