
Slack and Splice Enclosures

Carlson's® state-of-the-art modification capabilities enable design of slack and splice enclosures to meet specific application requirements.

Features and benefits:

- Slack and splice enclosures provide maximum protection of slack fiber and splice unit assemblies
- Eliminates need for difficult aerial and vault splicing
- Stores adequate slack fiber to facilitate splicing at ground level work station
- Enclosure sized to maintain minimum required radius of fiber optic cable

Slack Enclosures

UL LISTED E108856 LR31146

Cat. No.	Inside Box Size (in.)	Box Opening (in.)	Dimensions (in.)		
	A x B x C	E x F	K	M	N
SLK11	30 x 24 x 11½	27¼ x 21¼	10¼	10½	1
SLK12	30 x 24 x 9½	27¼ x 21¼	8¼	8½	1
SLK21	24 x 20 x 11½	21¼ x 17¼	10¼	10½	1
SLK22	24 x 20 x 9½	21¼ x 17¼	8¼	8½	1
SLK31	20 x 16 x 11½	17¼ x 13¼	10¼	10½	1
SLK32	20 x 16 x 9½	17¼ x 13¼	10¼	10½	1

Splice Enclosures

UL LISTED E108856 LR31146
