

PTH & PTHT Side Mount Metal Sheath Heaters

- Passivated 316 Stainless Steel and Titanium Sheath Elements
- 1 - 9 kW
- 20 - 35 W/In²
- 120, 240 and 480 Volt, Single Phase
- Moisture Resistant Terminal Enclosure

Features

Heavy Duty, Non-Fragile and will not break due to thermal shock.

Flat Profile consumes little tank work area space, is easily removed for cleaning or for use in another tank.

Spacer Bar prevents element from touching the tank wall.

Long Life Construction — Compacted magnesium oxide construction with passivated type 316 stainless steel or Titanium sheath provides longer life than the large diameter probe type heaters.

Vapor-Tight Terminal Enclosure and 3-foot long flexible conduit containing two power leads and a ground wire.

PTH — Dimensions (Inches)

PTHT — Dimensions (Inches)

Stock Status: S = stock NS = non-stock

To Order—Specify model, PCN, kW, volts, phase and quantity.

Notes —

- Liquid level should be above B dimension.
- Also available in other sheath materials and electrical ratings. Contact your Local Chromalox Sales office.
- If used in solutions that develop a scale on the sheath, periodic cleaning is required.
