

CTRI259 Update

This document applies to the heatsink fan on Unidrive SP, Affinity, Commander SK and Commander GP20 sizes 5 and 6.

New wire color code on SP size 5, 6 and SPMD heatsink fan

The Heatsink cooling fan part number 3251-0045-01 has been updated and the wire colors and number of wires has changed.

The new fan now has only 3 wires instead of the 4 wires it used to have.

Here is a chart showing the new and old connections:

	terminal 55	terminal 54	terminal 53	terminal 52
old	Red	Blue	Yellow	White
new	Red	Black	Yellow	No Connection
