Description	Catalog Number	Price U.S. \$
PM 2000/Compact (24xx) Touchpanel to PM 11xxK, 17xxK, 75xxK-8 Touchpanel Collar. For Type 12 installations only.	1524TPCOLLAR	287.
PM 2000 (26xx/27xx) Touchpanel to PM 11xxK, 17xxK, 75xxK-8 Touchpanel Collar. For Type 12 installations only.	1527TPCOLLAR	287.

PanelMate Overlay Kits

The overlay kits are ideal for protecting your screens from dirt, grime and abrasion and are particularly desirable for PanelMate touchscreen models installed in dirty environments. These overlays can be ordered as clear or with an additional anti-glare feature. The overlays simply adhere to the front of the display and can be easily removed and replaced when required. Five overlays are included in each kit.

Table 56. Overlay Kits

Description	Catalog Number	Price U.S. \$
8.4" Anti-Glare Overlay Kit, 5 overlays/kit, for use with PanelMate 11xxT, 15xxT, 17xxT, 75xxT-8, 76xxT-8x	17AGT	156.
8.4" Clear Protective Overlay Kit, 5 overlays/kit, for use with PanelMate 11xxT, 15xxT, 17xxT, 75xxT-8, 76xxT-8x	17CPT	156.
10.4" Anti-Glare Overlay Kit, 5 overlays/kit, for use with PanelMate Power Pro 3000, 5000 (All 10.4" Models), 75xx-10 (All Models), 76xxT-10x	39AG	156.
10.4" Clear Protective Overlay Kit, 5 overlays/kit, for use with PanelMate Power Pro 3000, 5000 (All 10.4" Models), 75xx-10 (All Models), 76xxT-10x	39CP	156.

17.0" Anti-Glare Overlay Kit, 5 overlays/kit for use with 17" Stand-Alone Touchscreen Displays (7585DT-17)	AG-17	156.

PanelMate Pro LT 1100 Tags

The PanelMate Pro LT 1100 I/O Reference Point Expansion is an upgrade kit that includes a hardware key and download software. The upgrades are provided on the hardware key and are downloaded to a PanelMate Pro LT 1100 from a PC using the provided hardware key and software. The PanelMate Pro LT supports 64 I/O points as standard and can be upgraded to support a maximum of 512 I/O points (7 upgrades installed).

Table 57. PanelMate Pro LT Expansion ①

Description	Catalog Number	Price U.S. \$
I/O Reference Point Expansion (64 points per upgrade)		
1 x 64 I/O point expansion	1100TAG1	412.
5 x 64 I/O point expansion	1100TAG5	1,685.
10 x 64 I/O point expansion	1100TAG10	2,972.
50 x 64 I/O point expansion	1100TAG50	13,910.

PanelMate ePro PS Restore Kits

Each Restore Kit provides a simple way to reset the load of the PanelMate ePro PS internal CompactFlash® that holds the operating system to the factory-installed image. This kit is typically used as a field-recovery method for operating system problems, but it can also be used to upgrade the image load of installed units.

Each Restore Kit can be re-used to restore multiple PanelMate ePro PS units or to restore the same PS unit multiple times. The kit used for restoring the factory-installed image must match the model type of the unit being restored to maintain product integrity.

Installation requires a Microsoft-compatible USB keyboard and mouse and an Ethernet network connection.

Table 58. PanelMate ePro PS Restore Kits

Description	Catalog Number	Price U.S. \$
New RoHS Compliant Models ②		
Kit to restore PanelMate ePro PS, OD, and Classic units to the current factory image load	76MLPS	577.
Kit to restore PanelMate ePro PS EE units to the current factory image load	76MLEE	577.
Legacy Non-RoHS Compliant Models ②		
Kit to restore PanelMate ePro PS and PS OD Display units to the current factory image load	76MLPSD	577.
Kit to restore PanelMate ePro PS Blind Node units to the current factory image load	76MLPSB	577.
Kit to restore PanelMate ePro PS EE Display units to the current factory image load	76MLEED	577.
Kit to restore PanelMate ePro PS EE Blind Node units to the current factory image load	76MLEEB	577.
Kit to restore PanelMate ePro PS Classic Display units to the current factory image load	76MLPSCD	577.
Kit to restore PanelMate ePro PS Classic Blind Node units to the current factory image load	76MLPSCB	577.

② RoHS compliant units have a silver-colored galvanized steel back cover. Non-RoHS compliant units have a gold-colored plated steel back cover.
