

Tough, reliable and simple

Clip on coils, now with UL approval **c  US**

Reliability and simplicity are the two words that best describe our Clip on solenoid valve coil programme. Few parts, easy mounting and excellent sealing make the range of Clip-on coils a real step forward due to the simple but unique design. The range of Clip-on coils is now extended to include UL Recognised coils.

Clip-on coils for tough environment

Features:

- Standard coils with long operating life, even under extreme conditions
- Standard coils for a.c. or d.c.
- Standard coils available with DIN spade terminals and US 0.25" spade terminals
- Standard coils from 24 V to 240 V, 50, 60 or 50/60 Hz
- Standard coils dimensioned for max. opening differential pressure (MOPD) of up to 350 psi
-  recognized with EVR, EVRA, EVM
- Can be fitted with cable plugs according to DIN 43560-A

Ordering

Valve type	Voltage V	Frequency Hz	Code no.		Power consumption
			With DIN spade terminals	With US 0.25" spade terminals
