

DieHard Twist Focus 2,400 Lumen Flashlight

## DIEHARD TWIST FOCUS 2,400 LUMEN FLASHLIGHT

Model #: 41-6124

When only the brightest light will do, the DieHard Twist Focus 2,400 Lumen Flashlight has you covered. With an amazing 2,400 lumens of power and an incredible beam distance of 300 meters, this light has the distance and power to light up any situation. Durable Pro Grade anodized aluminum construction gives this light a quality feel and finish that is both comfortable and well balanced. With impact and water resistant design, rubber booted tail cap switch, and a heavy duty, non-slip True Grip handle; this light is ready for the toughest jobs. Twist Focus technology lets you move seamlessly from a spot to flood beam, and any point in between—allowing you to tailor the powerful 2,400 lumen beam to your needs. Light settings of high, medium, and low mean you will always have the right amount of light for any given task. A flash setting is also included for safety. Other features include 2.5 hours of run time on 9 AA batteries, as well as a unique design which allows the light to stand on its end for hands free lighting. The DieHard Twist Focus Light includes nine premium DieHard AA batteries.
