

Low Voltage - High Amperage Push Button

59

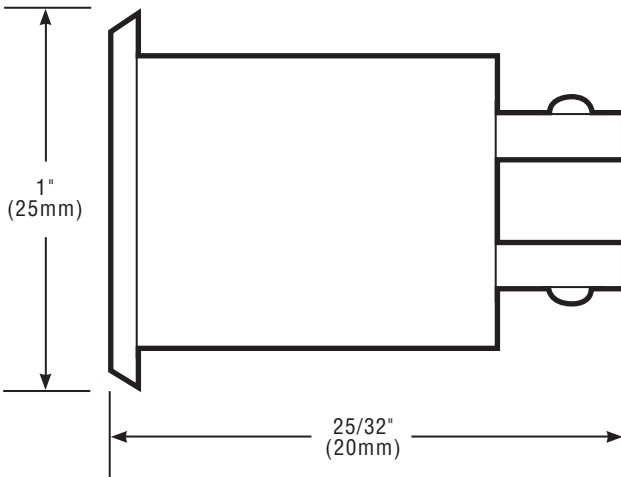

FEATURES

Low voltage, high amperage push button designed for 3/4" (19mm) hole force fit. Flat white button center prevents accidental operation.

Use wherever a low voltage, high amperage, economical push button is required.

- > Snap fit for 3/4" (19mm) hole
- > Normally open momentary contacts

Cat. No.	AC Volts	DC Amps	Amps	Rim	Finish Center	Hole Size	Hole Depth
