## BELLS \& BUZZERS

## Adaptabe ${ }^{\oplus}$ DC Vibrating Bells

Explosionproof, NEMA Type 4

## 435EX Series

## FEATURES

> 6 ", 8 " and 10 " gong sizes
> Low power drain for efficient operation over long wire runs
> Completely assembled
> Weatherproof
> Diode Polarized Models available for use in electrically supervised circuits

## AGENGY APPROVALS

> UL 1203 Listed
> UL Listed for Class I, Divisions 1 and 2, Groups B, C and D; Class II, Divisions 1 and 2, Groups E, F and G; and Class III
> NEMA Type 4

## SPECIFIGATIONS

> Adjustment free selfcompensating plunger
> Corrosion resistant finish
Hazardous location DC vibrating bells produce a distinctive, loud, and clear ringing sound that is free of mechanical clatterThe striker continues to strike the gong in rapid-fire action as long as current is applied.

Mounts to any solid surface using $3 / 8$ " (10mm) fasteners. Units fitted with a sealing fitting for $3 / 4$ " $(19 \mathrm{~mm})$ conduit and wire leads for power connections.

Specified for timing, scheduling, paging, and geneal alarm applications in: Refineries, gasoline storage and dispensing areas, Petrochemical manufacturers, Spray paint areas, Aircraft hangers, Grain dust areas in granaries and flour mills, and Industrial firms using flammable liquids.
