

Specification Sheet

Part Number: HS-1900

Article Number

857-40143

Type

HS1900

Color

Black (BK)

Features & Benefits

- Available in 3 diameters and 2 lengths to suit all port sizes.
- Internal lining of hot melt adhesive provides environmental seal.
- Visual correct shrinkage indication.

Quantity Per

bag

Product Description

HellermannTyton heat shrink kits are manufactured with crosslinked polyolefin and an internal lining of hot melt adhesive. The heat shrink sleeve has a coating of thermochromic paint, which changes color when the optimum temperature for shrinkage is achieved. The hot melt adhesive lining provides an environmental seal around the cable and port entry.

Short Description

Heat Shrink Sleeving, "R" or "B" Port, 33/6 x 180, PO-X, 10/pkg

Global Part Name

HS1900

Technical Description

The HellermannTyton range of heatshrink kits are crosslinked polyolefin with an internal lining of hot melt adhesive. The heatshrink sleeve has a coating of thermochromatic paint, which changes colour when the optimum temperature for shrinkage is achieved. The hot melt adhesive lining provides an environmental seal around the cable and port entry.
