

Distinctive Styling

A Work of Modern Art

IDEC Corporation, one of the top 5 switch manufacturers in the world, dominates the market with a well-deserved reputation for producing high-quality, reliable products. With over sixty years of experience, the introduction of the LW Silhouette series of switches means customers can now get a striking exterior to match.

Bold designs

The refined style of the IDEC LW Silhouette switches brings a fresh look to any application. Designed with a sleek and updated appearance, these flush mount switches are appealing on many different levels.

Unparalleled performance

When you want reliability, IDEC is the answer. Backed by global approvals, IDEC switches test well beyond the number of operation cycles required by industrial standards. Buying an IDEC switch means buying a high-end product you can count on to last.

Progressive technology

Beneath the clean style of LW Silhouette switches lies durable construction and cutting-edge technology. Our exclusive, ergonomic design requires minimal force allowing it to seamlessly integrate into any panel.

Note: Switches shown with optional safety lever lock

Personalize your Experience

Pushbuttons

- Bezel: Metal, Plastic and Plastic with guard
- Solder, PCB and Screw terminals available
- Maintained and Momentary operator type

Illuminated Pushbuttons

- Bezel: Metal, Plastic and Plastic with guard
- LED Illumination (6, 12, 24V AC/DC, 120 and 240V AC)
- Gold and Silver contacts

Pilot Lights

- Flush or Extended Lens available
- LED Illumination (6, 12, 24V AC/DC, 120 and 240V AC)
- Solder, PCB and Screw terminals available

Selector Switches

- 2 and 3 position selector switches
- Knob or Lever Handle
- Maintained and Spring Return operator type

Illuminated Selector Switches

- 2 and 3 position selector switches
- LED Illumination (6, 12, 24V AC/DC, 120 and 240V AC)
- Bezel: Metal or Plastic

Key Selector Switches

- 2 and 3 position selector switches
- 60 different key variations available
- Maintained and Spring Return operator type

Illuminated Key Selector Switches

- 2 and 3 position selector switches
- LED Illumination 24V AC/DC
- Two way split illumination on light ring

Note: Round switches are available in Metal or Plastic bezel, while square switches are only available with a plastic bezel.

- Audio/Visual

Streamline Applications

With aggressive lines and impressive performance, LW Silhouette switches make a personal statement about your style. Projecting only 2mm when mounted on a panel, these sleek switches provide a sharp, updated look while maintaining the highest levels of quality and durability. Choose from one of six eye-catching colors.

Perfect for industries requiring a hygienic surface, LW Silhouette switches save space and money with an operator that mounts

flush; eliminating the need for accessories or additional parts, and limiting the chance of any accidental resetting. In addition, the smoother design cuts down on surface area and consequently prevents dust and other particles from accumulating in your control units, covers and panels. Not to mention, making regular cleaning and maintenance easier.

So what's your favorite color?

LW Silhouette Series

Illuminated Key Switches (LED: 24V AC/DC)

Operator Type	Shape	Bezel	Position	Illumination Color		Solder/Tab Terminals	Screw Terminals
				Left Half	Right Half		
Maintained	Round	Metal	2	Green	Green	LW6MJ-2C64GGA	LW6MJ-2C64MGGA
Maintained	Round	Metal	3	Red	Green	LW6MJ-3C64RGA	LW6MJ-3C64MRGA
Spring Return from Right	Round	Plastic	2	Blue	Blue	LW6J-21C64SSB	LW6J-21C64MSSB

Notes:

- Switches listed above have DPDT contacts - SPDT and 3PDT contacts also available
- Switches also available with PCB terminals
- Illuminated Switches and pilot lights are available in 6, 12, 24V AC/DC, 120 and 240V AC
- Available colors: Red, Green, Amber, Yellow, Blue, White

Specifications

General Specifications		Value
Operating Temperature		-25 to +60°C (no freezing), Illuminated units: -25 to +50°C
Storage Temperature		-40 to +80°C
Operating Humidity		45 to 85% RH (no condensation)
Contact Resistance		50 mΩ maximum (initial value)
Insulation Resistance		100 MΩ minimum (500V DC megger)
Dielectric Strength	Switch Unit	Between live part and ground: 2,500V AC, 1 minute Between terminals of different poles: 2,500V AC, 1 minute Between terminals of the same poles: 1,000V AC, 1 minute
	Illumination Unit	Between live part and ground: 2,500V AC, 1 minute
Vibration Resistance		Operating extremes: 5 to 55 Hz, amplitude 0.5 mm
Shock Resistance		Damage limits: 1,000 m/s ² (100G) Operating extremes: 100 m/s ² (10G)
Mechanical Life (minimum operations)		Pushbuttons (Momentary): 1,000,000 Pushbuttons (Maintained): 500,000 Selector switches: 250,000 Key selector switches (Illuminated and Non-Illuminated): 100,000 Illuminated selector switches: 250,000
Electrical Life (minimum operations)		Pushbuttons (Momentary): 100,000 ¹ Pushbuttons (Maintained): 100,000 ² Selector switches: 100,000 ² Key selector switches (Illuminated and Non-Illuminated): 100,000 ² Illuminated selector switches: 100,000 ²
Degree of Protection		IP65 (IEC 60529)
Terminal Style		Solder/tab terminal #110 PCB terminal Screw terminal

- Switching frequency 1,800 operations/hour.
- Switching frequency 900 operations/hour.

Contact Ratings	Contact Type	Value			
		Maximum Voltage	250V AC/DC		
Gold Contacts	Thermal Current	3A			
	Operating Voltage	125V AC	30V DC		
	Operating Current (resistive load)	0.1A	0.1A		
	Contact Material	Gold-clad silver			
Silver Contacts	Operating Voltage	30V	125V	250V	
	Operating Current	AC 50/60Hz	Resistive Load	3A	2A
			Inductive Load	2A	1.5A
	DC	Resistive Load	2A	0.4A	-
		Inductive Load	1A	0.2A	-
Thermal Current	5A				
Contact Material	Silver				

- AC inductive load: PF = 0.6 to 0.7
- DC inductive load: L/R = 7ms max.
- Minimum applicable load (reference value): 5V AC/DC, 1mA

The Final Touch

LW Silhouette switches are a luxury you can't afford to miss. Sleek lines and vivid colors enhance the look of your application while also increasing its marketability. This essential component will add a touch-of-class to any application. Take a closer look inside this brochure and see which LW switch is for you!
