

TYPE PBHD

Features

- Heavy duty design
- Manufactured from high strength aluminum alloy
- Electro-tin plated
- Chamfered wire entry
- Suitable for use in circuits rated 35KV or less; proper high voltage spacing and insulation techniques must be used
- Stacked design
- AL9CU, rated to 90° C

Benefits

- Provides greater resistance to pull out
- Suitable for use with copper or aluminum conductors
- Provides low contact resistance
- Simplifies conductor insertion
- Application versatility
- Saves space and reduces installation time
