

Charge Pro® Battery Chargers **NEW**

These new onboard chargers have the same housing and mounting dimensions as our traditional Charge Pro® Guest chargers with a number of performance enhancements.

- For use with flooded or AGM batteries
- Microprocessor controlled for accurate charging
- Universal input 120/230V for go-anywhere freedom
- Isolated outputs
- Outputs can be put in series or parallel for higher voltage or current
- Completely sealed, epoxy filled
- IP68 waterproof
- Designed for harsh marine and industrial environments – moisture, salt, shock and vibration tested
- Non corroding housing for ultimate reliability
- Meets global industry standards including UL, CSA, ABYC, FCC, California efficiency regulations (CEC)
- Footprint and mounting holes are same as former Charge Pro® Guest Chargers
- ConnectCharge™ Plug for easy assembly to inlet (Part #150CCI) with no wiring

New & Improved!
