

## JUNIOR TIMER VALVE PLUG 0° LED V2A

PUR 2x0,5 black drag ch AIN 3m

Xtreme - Outdoor

Female straight

12...24 V AC/DC

LED

Stainless steel 1.4305 (V2A)

Plastic housings with good resistance against chemicals and oils.

The resistance to aggressive media should be individually tested for your application. Further details on request.

Further cable lengths on request.

| Form                            |  |
|---------------------------------|--|
| Form                            | 70021                                    |
| General data                    |  |
| Temperature range               | -25...+85 °C, depending on cable quality |
| Cables                          |  |
| No./diameter of wires           | 2× 0.5 mm <sup>2</sup>                   |
| Wire isolation                  | TPE (bk, wh)                             |
| C-track properties              | 2 Mio.                                   |
| Jacket Color                    | black                                    |
| Material (jacket)               | PUR                                      |
| Outer Ø                         | 5.0 mm ±5%                               |
| Bend radius (moving)            | 10× outer Ø                              |
| Temperature range (fixed)       | -50...+90 °C                             |
| Temperature range (mobile)      | -30...+90 °C                             |
| Cable identification            | 740                                      |
| Approval (cable)                | CE conform                               |
| Cable weight [g/m]              | 36,30                                    |
| Material (wire)                 | Cu wire, bare                            |
| Resistor (core)                 | max. 39 Ω/km (20 °C)                     |
| Single wire Ø (core)            | 0.1 mm                                   |
| Construction (core)             | 64× 0.1 mm (multi-strand wire class 6)   |
| Diameter (core)                 | 2× 0.5 mm <sup>2</sup>                   |
| AWG                             | similar to AWG 20                        |
| Material (wire isolation)       | TPE-E                                    |
| Wire-Ø incl. isolation          | 1.5 mm ±5%                               |
| Color/numbering of wires        | bk, wh                                   |
| Stranding combination           | 2 wires twisted                          |
| Shield                          | no                                       |
| Material (jacket)               | PUR                                      |
| Outer-Ø (jacket)                | 5.0 mm ±5%                               |
| Color (jacket)                  | black                                    |
| Nominal voltage                 | 300/500 V AC                             |
| Test voltage                    | 2000 V AC                                |
| Temperature range (fixed)       | -50...+90 °C                             |
| Temperature range (mobile)      | -30...+90 °C                             |
| Bend radius (moving)            | 10× outer Ø                              |
| No. of bending cycles (C-track) | max. 2 Mio. (25 °C)                      |
| Traversing distance (C-track)   | max. 5 m (horizontal)                    |
| Travel speed (C-track)          | max. 3.3 m/s                             |
| Acceleration (C-track)          | max. 5 m/s <sup>2</sup>                  |
| Technical Data                  |  |
| Operating voltage               | 12...24 V AC/DC                          |
| Operating current per contact   | max. 4 A                                 |
| Current consumption             | approx. 12 mA                            |
| LED display                     | (yellow)                                 |
| Protection                      | IP65 inserted and tightened (EN 60529)   |
| Housing                         | Black plastic, flame retardant           |
