

Magnecraft™ General Purpose Relays

Socket Accessories

Hold-Down Clips

The table below is designed to allow for easy selection of Magnecraft hold-down clips based on socket and relay compatibility.

Key Features

- Stainless steel spring clips are designed to secure the relay to the socket in harsh environments
- Plastic ejector clips are designed to secure and eject relays from tight, multi-socket applications
- Plastic ID clips are designed to allow for easy identification of circuits in multi-relay applications; an ID tag is supplied with each clip

Socket Part Number	Relays	Clip Part Number	Clip Type
70-124-2	388JXBX, 785XBX, 788XAX / 788XBX / 788XCX	16-1351	Spring Clip
