Description

Product Description

IP, NTSC/PAL, AHD, and HD-TVI Camera Tester!

The CamView IP Pro series of testers allow you to test, verify, and troubleshoot IP and SDA cameras, cables, and networks even before the network or power are setup! In addition to these standard features, the CamView™ IP Pro + also tests AHD and HD-TVI!

- Works with the most popular IP* & NTSC/PAL, AHD, and HD-TVI Analog cameras
- Works with or without a network. Built-in DHCP server allows you to:
 - Set & Assign IP addresses to cameras
 - Auto-detect IP settings on networks
 - Ping, Sniff, List Subnet
- Powers IP cameras—no need for external PoE
- No need to download Apps or manufacturer-specific software
- IP camera tests including: discover the camera, view camera's video, configure camera's parameters, etc.
- Record, save, and export full IP camera reports
- Ethernet Tests including:
 - 10M/100M/1G Ethernet Link Test
 - Packet Loss Test
 - Ethernet Loop Detection, etc.
- Powers Analog cameras—12 VDC @ <2A
- Analog Camera Test & RS485 PTZ Control Test
- TDR cable tests
- Intuitive user interface
- Compact, lightweight, & ruggedized for real-world use
