MODEL NUMBER: U038-006-CRA

USB-A to C cable connects a smartphone or other USB-C device to the USB-A port on your computer, wall charger or car charger.

### Features

**USB Type-A to USB Type-C Cable Connects a USB-C Mobile Device to Your Computer**This six-foot right-angle USB-C cable allows you to connect a device with a USB-C or Thunderbolt 3 port to a USB-enabled computer, charger, hard drive, hub or other peripheral for the purpose of charging, powering, syncing or transferring data. It is compatible with any device with a USB-C or Thunderbolt 3 port, including tablets, smartphones, MacBooks, Ultrabooks and Chromebooks.

**Transfers Data and Charges Devices at USB 2.0 Speeds**The USB-A to C cable supports USB 2.0 data transfer speeds up to 480 Mbps. The cable is backward compatible with previous USB generations, allowing you to use it with older equipment.

**Reversible USB-C Connector Attaches in Either Direction**Unlike traditional USB cables that connect in only one direction, the reversible USB-C male connector plugs into a USB-C or Thunderbolt 3 port in either direction for a fumble-free connection every time.

**Right-Angle USB-C Plug Makes Connecting in Tight Spaces Easier**The space-saving right-angle USB-C plug is easy to install in confined spaces, such as behind your computer desk or workstation. The right-angle construction also relieves strain on the cable and connector and prevents the cable from bending awkwardly.
