

## 5-Port USB-C Charger, 110W, 1x USB-C PD 3.0 PD port (86W) and 4x USB-A Auto-sensing ports, USB-IF certified

MODEL NUMBER: U280-005-WS4C1

Charges up to 5 USB devices, ranging from smartphones and tablets to power-intensive MacBooks and Amazon Kindles, at the same time.

### Features

**Portable USB Charging Station Charges Up to 5 Devices at the Same Time** At home or in the office, this USB charging station provides enough power and ports to keep your devices at 100% capacity. No more peering behind furniture to find an available outlet or unplugging one device to charge another. This compact charging station charges up to five devices at the same time, including smartphones, tablets, MacBooks, Chromebooks and Amazon Kindles, at a maximum of 110W. It doesn't require a computer, so you can take it anywhere AC power is available.

**Provides Plenty of Juice for Charging with Auto-Sensing Technology** Four BC 1.2-compliant USB-A ports are split into two banks, each capable of delivering up to 5V 2.4A (12W) of power—enough for fast-charging smartphones, tablets and other mobile devices. Built-in auto-sensing lets the port detect the connected device and automatically adjust the required power level accordingly for optimum charge and compatibility. For devices that are even more powerful, the USB-C port provides up to 20V 4.3A (86W) for battery-intensive devices like the MacBook Pro or Chromebook Pixel. The USB-C port supports PD 3.0 Charging, which is up to four times faster than conventional USB charging.

**USB-IF Certification Ensures Rigorous Testing and Top-of-the-Line Performance** This cable meets the high standards of USB-IF (USB Implementers Forum, Inc.), a non-profit organization consisting of companies that developed the USB specification. Receiving USB-IF certification means the U280-005-WS4C1 meets the industry's highest environmental, mechanical and electrical standards. It operates with your USB peripherals, adapters and cables with top efficiency and safety.

**Easy to Use with the Included Power Cord** To charge your USB devices, simply plug the included four-foot power cord into any standard AC outlet, and connect your devices to the available USB ports. The charger protects against overheating, overcurrent and overcharging—in fact, it stops charging as soon as your devices' batteries reach capacity.

### Highlights

- Certified by USB-IF to ensure highest-grade construction and performance
- USB-C port charges PD 3.0 devices up to 4 times faster than normal USB charging
- Auto-sensing USB-A ports adjust charging power for optimum charge and compatibility
- Stops charging when connected device is at full capacity to protect battery from damage
- Connects to any NEMA 1-15R, 5-15R or 5-15R/20R AC outlet for immediate charging

### Applications

- Charge up to 5 smartphones, notebooks, tablets, Amazon Kindles or other USB devices at the same time
- Perfect for homes with busy families, dorm rooms and offices with multiple mobile devices

### System Requirements

- Power cord for 120V applications included. For 230V applications, you will need to provide an applicable 230V power cord (sold separately).

### Package Includes

- U280-005-WS4C1 5-Port USB Charging Station
- C7 to NEMA 1-15P power cord,

4 ft.

- Quick Start Guide

## Specifications

OVERVIEW	
UPC Code	037332241030
Product Type	Charging Station
Charging Form Factor	Charging Hub
Device Compatibility	Phone; Tablet; Amazon Kindle; Laptop; Amazon Kindle
Over Current Protection	Yes
INPUT	
Nominal Input Voltage(s) Supported	120V AC; 230V AC
Input Connection Type	IEC C7
Plug Type	C7 to NEMA 1-15P
Voltage Compatibility (VAC)	100; 110; 120; 125; 127; 200; 208; 220; 230; 240
Input Frequency	50/60Hz
Input Plug Type	NEMA 1-15P (NON-POLARIZED)
Input Current	5V (4.8A) / 20V (4.3A)
OUTPUT	
Output Capacity	USB-A: 5V 4.8A (24W) total (5V 2.4A per port, 5V 2.4A (12W) simultaneous use per bank); USB-C: 5V 3A (15W), 9V 3A (27W), 12V 3A (36W), 15 3A (45W) and 20V 4.3A (86W); USB-A and USB-C total: 110W
Overload Protection	Yes
BATTERY	
Battery Charging (5V/1.5A Port)	Yes
CHARGING	
Charging Ports / Amps	(4) 2.4A; 3A / 4.3A
Number of Charging Ports	5
Overcharge Protection	Yes
Total Charging Amps	9.1A
USB Power Delivery (PD) Charging Support	Yes
Charging Method	USB

Total Charging Watts	110
USB Power Delivery (PD) Charging Specification	3.0
Charging Ports Detail	USB-A: 5V/2.4A USB-C: 5V/3A, 9V/3A, 12V/3A, 15V/3A, 20V/4.3A
Charging Port Type	(4) USB A (FEMALE); USB C (FEMALE)
Charging Method Detail	Power Delivery 3.0
<b>PHYSICAL</b>	
Color	Black
Material of Construction	Polycarbonate
Unit Dimensions (hwd / cm)	16 x 7.6 x 2.8
Unit Dimensions (hwd / in.)	6.3 x 3 x 1.1
Unit Packaging Type	Box
Unit Weight (kg)	0.36
Unit Weight (lbs.)	0.8
<b>ENVIRONMENTAL</b>	
Operating Temperature Range	32°F to 95°F / 0°C to 35°C
Storage Temperature Range	-4°F to 185°F / -20°C to 85°C
BTUs	1.02
Power Consumption (Watts)	0.3 (No Load)
Operating Humidity Range	5% to 95% RH, NON-CONDENSING
Storage Humidity Range	20% to 90% RH, NON-CONDENSING
<b>CONNECTIONS</b>	
Ports	5
Side A - Connector 1	NEMA 1-15P (NON-POLARIZED)
Side B - Connector 1	(4) USB A (FEMALE)
Side B - Connector 2	USB C (FEMALE)
<b>FEATURES &amp; SPECIFICATIONS</b>	
Technology	USB
<b>SPECIAL FEATURES</b>	
Overcurrent Protection	Yes
Overvoltage Protection	Yes
GaN Technology	No

<b>STANDARDS &amp; COMPLIANCE</b>	
Certifications	UL/cUL, FCC, USB-IF, RoHS, REACH
Approvals	UL Listed, USB-IF
<b>WARRANTY</b>	
Product Warranty Period (Worldwide)	2-year limited warranty
