MODEL NUMBER: TLP6B18

6-outlet surge protector safeguards your home/office electronics against dangerous surges, spikes and line noise.

Features

6-Outlet Surge Protector Safeguards Your Computer Against Power FluctuationsIdeal for your home or office workstation, this Protect It!® 6-outlet surge protector features a surge suppression rating of 250 joules and provides protection in line-to-neutral (L-N) mode to defend your sensitive electronic components against power surges and spikes.

British BS1363A Outlets Accept a Wide Range of Electronic DevicesPlug your PC, printer, scanner, router, modem, television, stereo receiver or other home/office electronics into six BS1363A outlets to protect them against dangerous surges, spikes and line noise. The 1.8-meter AC power cord with space-saving right-angle BS1363A plug helps you connect the surge protector to a wall outlet located behind furniture.

Premium Protection from EMI/RFI Line Noise Helps Your Equipment Perform BetterVarious electromagnetic and radio sources found in virtually every home and business can cause disruptive interference on the AC line. Known as EMI (electromagnetic interference) and RFI (radio frequency interference), this line noise is a common cause of performance problems. This surge protector filters out disruptive line noise that can disturb your electronics and inflict hardware damage or data loss. This EMI/RFI filtering also helps your connected components perform better and last longer.

Vertical or Horizontal Mounting for Desks and WorkbenchesKeyhole-shaped mounting slots on the back of the surge protector allow you to permanently install it on any flat surface, including walls, with user-supplied hardware.

Premium Safety Features for Protecting Your Valuable EquipmentThe TLP6B18 features an on/off switch that provides one-touch control over all connected devices. A green LED confirms that your connected equipment is protected. An integrated 13A circuit breaker protects all outlets and automatically cuts power in the event of an overload, preventing equipment damage. The high-impact plastic housing is designed for the rigors of everyday use.
