acc. to OSHA HCS

Printing date 03/06/2019

Reviewed on 03/05/2019

# **1** Identification

# Product identifier

- Trade name: Vibra-TITE® Gasket Maker

- Synonyms: 730 Flexible Gasket Maker Solvent Resistant
- Part number: VT730
- Application of the substance / the mixture
- Sealing Sealant

### - Details of the supplier of the safety data sheet

Manufacturer/Supplier: ND Industries, Inc 1000 North Crooks Road Clawson, MI 48017 USA Telephone: +1-248-288-0000

Email: info@ndindustries.com Website: www.ndindustries.com

- Information department: Product safety department

- *Emergency telephone number:* United States: 1-800-424-9300

International: +1-703-527-3887

# 2 Hazard(s) identification

# - Classification of the substance or mixture

Carc. 2

GHS08 Health hazard

H351 Suspected of causing cancer.

Skin Irrit. 2 H315 Causes skin irritation.

Eye Irrit. 2A H319 Causes serious eye irritation.

Skin Sens. 1 H317 May cause an allergic skin reaction.

### - Label elements

- GHS label elements The product is classified and labeled according to the Globally Harmonized System (GHS).
  - Hazard pictograms

- GHS07 GHS08
- Signal word Warning
- Hazard-determining components of labeling:
- Urethane methacrylate methacrylic acid, monoester with propane-1,2-diol 2'-phenylacetohydrazide

### - Hazard statements

- H315 Causes skin irritation.
- H319 Causes serious eye irritation.
- H317 May cause an allergic skin reaction.
- H351 Suspected of causing cancer.
- Precautionary statements
- P201 Obtain special instructions before use.
- P202 Do not handle until all safety precautions have been read and understood.
- P261 Avoid breathing dust/fume/gas/mist/vapors/spray
- P264 Wash face, hands and any exposed skin thoroughly after handling.
- P272 Contaminated work clothing must not be allowed out of the workplace.
- P280 Wear protective gloves/protective clothing/eye protection/face protection.
- P280 Wear protective gloves.

# Safety Data Sheet acc. to OSHA HCS

# Trade name: Vibra-TITE® Gasket Maker

	(Contd. of page 1)
P280	Wear eye protection / face protection.
P302+P352	If on skin: Wash with plenty of water.
P305+P351+P338	If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do.
	Continue rinsing.
P308+P313	IF exposed or concerned: Get medical advice/attention.
P362+P364	Take off contaminated clothing and wash it before reuse.
P332+P313	If skin irritation occurs: Get medical advice/attention.
P333+P313	If skin irritation or rash occurs: Get medical advice/attention.
P321	Specific treatment (see on this label).
P337+P313	If eye irritation persists: Get medical advice/attention.
P363	Wash contaminated clothing before reuse.
P405	Store locked up.
P501	Dispose of contents/container in accordance with local/regional/national/international regulations.
aifiantian avatam	

# - Classification system:

# - HMIS-ratings (scale 0 - 4)

### - Other hazards

### - Results of PBT and vPvB assessment

- PBT: Not applicable.
- vPvB: Not applicable.

# 3 Composition/information on ingredients

#### - Chemical characterization: Mixtures

- Description: Mixture of the substances listed below with nonhazardous additions.

- Dangerous	components:		
	Urethane methacrylate	60 – 69%	
	Skin Irrit. 2, H315; Eye Irrit. 2A, H319; Skin Sens. 1, H317		
CAS: 27813-02-1	methacrylic acid, monoester with propane-1,2-diol	10 – 19%	
	Eye Irrit. 2A, H319; Skin Sens. 1, H317		
CAS: 25852-47-5	2-(2-methylprop-2-enoyloxy)ethyl 2-methylprop-2-enoate	5 – 9%	
	Skin Irrit. 2, H315; Eye Irrit. 2A, H319; STOT SE 3, H335		
CAS: 67762-90-7	Amorphous Silica	5 – 9%	
	Combustible Dust		
CAS: 114-83-0	2'-phenylacetohydrazide	≤ 1%	
	Acute Tox. 4, H302; Skin Irrit. 2, H315; Eye Irrit. 2A, H319; Skin Sens. 1, H317; STOT SE 3, H335		
CAS: 98-82-8	cumene	≤ 1%	
	Flam. Lig. 3, H226; Carc. 2, H351; Asp. Tox. 1, H304; Acute Tox. 4, H302; STOT SE 3, H335		

# - Description of first aid measures

#### - After inhalation:

Supply fresh air and to be sure call for a doctor.

In case of unconsciousness place patient stably in side position for transportation.

- Supply fresh air; consult doctor in case of complaints.
- After skin contact: Immediately wash with water and soap and rinse thoroughly.
- After eye contact: Rinse opened eye for several minutes under running water. If symptoms persist, consult a doctor.
- After swallowing: If symptoms persist consult doctor.

- Information for doctor:

- Most important symptoms and effects, both acute and delayed No further relevant information available.
- Indication of any immediate medical attention and special treatment needed
- No further relevant information available.

# 5 Fire-fighting measures

# - Extinguishing media

### Suitable extinguishing agents:

CO2, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. CO2, sand, extinguishing powder. Do not use water.

# Safety Data Sheet acc. to OSHA HCS

Printing date 03/06/2019

### Trade name: Vibra-TITE® Gasket Maker

# - For safety reasons unsuitable extinguishing agents: Water

- Special hazards arising from the substance or mixture No further relevant information available.

#### - Advice for firefighters

# Protective equipment:

Wear self-contained respiratory protective device. Wear fully protective suit.

### 6 Accidental release measures

- Personal precautions, protective equipment and emergency procedures Wear protective equipment. Keep unprotected persons away.
   Ensure adequate ventilation
   Wear protective clothing.
   Environmental procedures: Do not allow to enter aswers (surface or around write)
- Environmental precautions: Do not allow to enter sewers/ surface or ground water.
- Methods and material for containment and cleaning up: Ensure adequate ventilation.
   Do not flush with water or aqueous cleansing agents

Dispose of the collected material according to regulations.

Reference to other sections
 See Section 7 for information on safe handling.
 See Section 8 for information on personal protection equipment.
 See Section 13 for disposal information.

# 7 Handling and storage

### - Handling:

#### - Precautions for safe handling

Ensure good ventilation/exhaustion at the workplace.

- Prevent formation of aerosols.
- Information about protection against explosions and fires: Keep ignition sources away - Do not smoke. Protect against electrostatic charges.

#### - Conditions for safe storage, including any incompatibilities

Storage:

- Requirements to be met by storerooms and receptacles: No special requirements.
- Information about storage in one common storage facility: Not required.
- Further information about storage conditions: Keep receptacle tightly sealed.

- Specific end use(s) No further relevant information available.

### 8 Exposure controls/personal protection

- Additional information about design of technical systems: No further data; see item 7.

#### - Control parameters

### - Components with limit values that require monitoring at the workplace:

The following constituent is the only constituent of the product which has a PEL, TLV or other recommended exposure limit. At this time, the other constituents have no known exposure limits.

# CAS: 98-82-8 cumene

PEL	Long-term value: 245 mg/m³, 50 ppm Skin
REL	Long-term value: 245 mg/m³, 50 ppm Skin
	Long-term value: (246) NIC-0.5 mg/m <sup>3</sup> , (50) NIC-0.1 ppm NIC-A3
	- Additional information: The lists that were valid during the creation were used as basis

Additional information: The lists that were valid during the creation were used as basis

#### - Exposure controls

#### Personal protective equipment:

- General protective and hygienic measures:
- Keep away from foodstuffs, beverages and feed.

Immediately remove all soiled and contaminated clothing.

Wash hands before breaks and at the end of work.

Avoid contact with the eyes and skin.

Breathing equipment:

In case of brief exposure or low pollution use respiratory filter device. In case of intensive or longer exposure use respiratory protective device that is independent of circulating air.

#### (Contd. of page 2)

Reviewed on 03/05/2019

Printing date 03/06/2019

Trade name: Vibra-TITE® Gasket Maker

(Contd. of page 3)

Reviewed on 03/05/2019

- Protection of hands:

Protective gloves

The glove material has to be impermeable and resistant to the product/ the substance/ the preparation.

Selection of the glove material on consideration of the penetration times, rates of diffusion and the degradation

# - Material of gloves

The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer. As the product is a preparation of several substances, the resistance of the glove material can not be calculated in advance and has therefore to be checked prior to the application. Nitrile rubber, NBR

# - Penetration time of glove material

The exact break through time has to be found out by the manufacturer of the protective gloves and has to be observed. - *Eye protection:* 

Tightly sealed goggles

- Body protection: Protective work clothing

# 12 Ecological information

# - Toxicity

- Aquatic toxicity: No further relevant information available.

- Persistence and degradability No further relevant information available.

- Behavior in environmental systems:
  - Bioaccumulative potential No further relevant information available.

- *Mobility in soil* No further relevant information available.

- Additional ecological information:

- General notes:

Water hazard class 1 (Self-assessment): slightly hazardous for water

Do not allow undiluted product or large quantities of it to reach ground water, water course or sewage system.

# - Results of PBT and vPvB assessment

- PBT: Not applicable.

- vPvB: Not applicable.

Printing date 03/06/2019

### Trade name: Vibra-TITE® Gasket Maker

(Contd. of page 5)

Reviewed on 03/05/2019

- Other adverse effects No further relevant information available.

# 13 Disposal considerations

# - Waste treatment methods

- Recommendation: Must not be disposed of together with household garbage. Do not allow product to reach sewage system.

# - Uncleaned packagings:

- *Recommendation:* Disposal must be made according to official regulations.
